MWANZA AIRPORT

Mwanza Airport is one of the major domestic airport being managed and operated by Tanzania Airports Authority (TAA) in the country, third to Julius Nyerere International Airport (JNIA) and Kilimanjaro International Airport (KIA).It is operational for passenger flights, cargo and other .TAA's intention is to make Mwanza Airport a hub of air transport in the Great Lakes Region (Uganda, Kenya, Rwanda, Burundi and DRC).By now, it has already started serving Kenya (Nairobi).

Mwanza Airport was mostly renowned as Cargo Airport particularly for freighting fish fillet to many destinations worldwide. In 2002 this Airport was among Africa's top 15 Cargo Airports in Africa. New Cargo Terminal attracts many International Cargo Flights like Ethiopian Airline, Rwanda Air etc. which took fish fillets direct to European Countries. The cargo tonnage has increased stead since the inception of Cargo Terminal earlier this year.

Location: The airport is located NNE, SNW of Mwanza City. It is near the shores of Lake Victoria about 10km (6.2NM) from the City.

WHY COMING TO MWANZA?

Fast Growing Region with huge opportunities for Investment

Mwanza City is the second largest and fastest growing Region in Tanzania after Dar es Salaam; It has enormous economic potentials in the Mining (Gold and Diamond), Agriculture (maize, cassava, sorghum, millet, sweet potatoes and legumes. Cotton being the major cash crop produced), Fisheries (It is the Eastern and Central Africa's largest fish market) and Livestock sectors; with which these sectors open doors for grand investments. There are huge opportunities for investment in those sectors in Mwanza City.

Five years ago, UN-Habitat cited Mwanza as one of the fastest growing cities in Africa in terms of population, economic and social activities. (Source: www.ippmedia.com)

High Population

After Dar es Salaam, Mwanza City is the second highly populated region in Tanzania. According to the National Census of 2012, Mwanza City had a total population of 2,772,509 people. And this (population number) is one of the reasons as to why passengers' movements at Mwanza Airport are rapidly increasing day by day.

Transport Links to Neighbouring Countries

Mwanza City connects Kenya, Tanzania and Uganda through Lake Victoria – the largest Lake in Africa; it is also near by the other great lake regional countries (Burundi, Rwanda and DRC) through Lake Tanganyika – the second largest lake in Africa. With such connection, new flight routes can be established to these destinations.

Tourist Attractions

Mwanza Airport is the nearest Airport to the world's famous Serengeti National Park, the 'Olduvai Gorge' where fossils of the first man were found, the wonders of rocks (Bismarck rocks), the scenery, topography, game hunting, historical and archaeological ventures, Burigi National Park (Geita) Saanane Island National Park and very friendly people harbour the growth of excellent cultural tourism.

Other tourist attractions include the Bujora Museum where Sukuma cultural history is preserved, and Lake Victoria itself with naturally arranged rocks set on top of each other. Lake Victoria is the largest of all African lakes, and is also the second widest freshwater body in the world.
